Bed Fresh

Eradicate Bed Bugs & Dust Mites

Ingredients:

Anti bacterial agent, solubiliser,
non-ionic surfactant

Usage Recommendation:

Remove all sheets from the bed and spray the whole mattress including the sides and corners until damp. Air dry the mattress naturally and re-vacuum or brush it to remove debris. The bed is ready for use. Spray the bed once a month.

Direction for Use

Shake bottle before use.

Turn nozzle to spray/stream and spray onto surfaces to be treated until slightly damp.

Bed Fresh will start to work as it dries.

Close nozzle after use.

No rinsing necessary. Easy to use, effective & safe!

Caution:

KEEP OUT OF REACH OF CHILDREN. Not to taken internally. Avoid contact with eyes. If accidentally sprayed on eyes, rinse thoroughly with plenty of water. Do not inhale the spray. If you have sensitive or damaged skin, wear gloves. If swallowed, seek immediate medical attention and show this label or container. If accidentally spilled on skin, wash thoroughly with water. Wash your hands after use.
